

Brandon Buhr

Software Developer

Profile

Passionate and results-driven Software Developer with extensive experience in JavaScript, C#, Go, React, Next.js, TypeScript, and Tailwind CSS. Proven track record of developing dynamic, high-performance web applications with a focus on user experience and responsive design. Adept at leveraging modern development frameworks and tools to deliver scalable and maintainable code.

Education

Software Engineering Boot Camp, Frontend Simplified

July 2024 — Present

Software Development Course, Course Careers

March 2024 — Present

BFA Music Composition and Technology, University of Wisconsin-Milwaukee

September 2016 — May 2021

★ Projects

Video Conferencing App | Next.js | TypeScript | Tailwind CSS

A video-conferencing application that allows users to log in, create meetings, schedule meetings, record, screen share, and manage participants.

Movie Database App | JavaScript | React | API Integration

A movie database application that fetches data from a public API and displays it. Includes search functionality, and results filtering based on runtime, alphabetical order, rating, and release date.

E-Commerce Application | JavaScript | React | HTML | CSS

An e-commerce application featuring multiple pages and page routing, responsive user interface, and cart/checkout features.

Weather App | JavaScript | React | API Integration

Integrates an API to fetch and display weather data to the user.

Experience

Sales Representative at Cellular Sales, Green Bay

March 2022 — May 2024

- **Data Analysis:** Analyzed customer data to identify key trends and insights, informing effective sales strategies and driving customer engagement.
